Clixo Geometry Shapes

Activity Guide

CLIXO Classroom

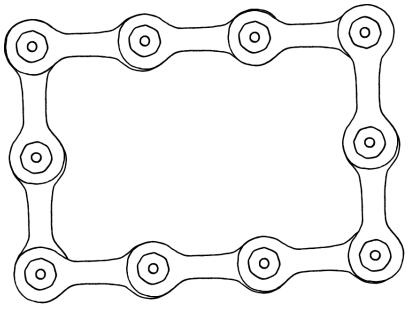

Shape Cards

Print and cut out one set of cards for each group. Students build each shape with Clixo, then match it to its card.

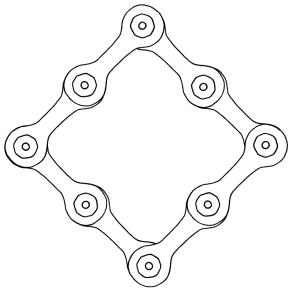

Square

4 equal sides, 4 right angles (90 degrees each)

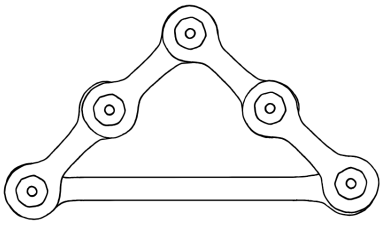

Rectangle

Opposite sides are equal, 4 right angles (90 degrees each)

Diamond

4 equal sides, opposite angles are equal

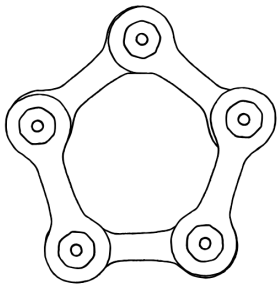

Triangle

3 sides (regular: all sides are equal)
